PSHE CURRICULUM STATEMENT

At Moulsford, Personal, Social, Health and Economic (PSHE) education is an embedded part of our broad and balanced curriculum. Pupils' Spiritual, Moral, Social and Cultural (SMSC) development is at the heart of our school ethos. British Values are promoted through the overarching aims and objectives of PSHE by supporting pupils to become healthy and responsible members of society, as well as preparing them for life and work in modern Britain.

INTENT

The intent of our PSHE curriculum is to deliver a programme that is accessible to all and that will maximise the outcomes for every child so that they know more, remember more and understand more. At Moulsford, PSHE education enables the pupil to become healthy, independent and responsible members of a society. It aims to help them understand how they are developing personally and socially, and tackles many of the moral, social and cultural issues that are part of growing up. We provide the pupil with opportunities to learn about rights and responsibilities and appreciate what it means to be a member of a diverse society. The pupils are encouraged to develop their sense of self-worth by playing a positive role in contributing to school life and the wider community.

IMPACT

- Pupils will demonstrate and apply the British Values of democracy, tolerance, mutual respect, rule of law and liberty.
- Pupils will demonstrate a healthy outlook towards school
- Pupils will achieve age related expectations across the wider curriculum
- Pupils will become healthy and responsible members of society
- Pupils will be on their journey preparing them for life and work in modern Britain.

IMPLEMENTATION

Moulsford has an embedded PSHE scheme of work for both the Pre-Prep and Prep School. Pupils from Reception to Year 2 follow the Jigsaw PSHE programme and pupils from Year 3 to Year 8 follow a cross-phase curriculum devised in line with guidance from the PSHE Association.

PSHE is taught by a combination of Form Heads and specialist teachers.

Pre-Prep – Jigsaw

Jigsaw consists of six half-term units of work. Each week's unit has two Learning Intentions, one specific to PSHE (including Relationships and Health Education) and the other designed to develop emotional literacy and social skills.

The units are introduced with a Pre-Prep assembly, with each year group studying the same unit at the same time (at their own level), building sequentially through the school year, facilitating learning themes that are consistent across the whole of Pre-Prep.

The various teaching and learning activities are engaging and mindful of different learning styles and the need for differentiation and the Early Years (EYFS) planning is aligned to the National Early Years Framework (England). Teachers are able to modify and adapt the planning to suit the specific needs of the children.

Jigsaw's Unit of Work (Puzzle)	
1. Being Me in My World	Includes understanding my place in the class, school and global community, as well as devising learning charters.
2. Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and diversity work.
3. Dreams and Goals	Includes goal setting, aspirations for yourself and the world and working together.
4. Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices.
5. Relationships	Includes understanding friendships, family and other relationships, conflict resolution and communications skills.
6. Changing Me	This puzzle includes sex and relationship education in the context of coping positively with change (including age-appropriate sex education)

Prep School – Cross-Phase Programme of Study

The long term plans in the Prep School cover all three core themes of the PSHE Association Programme of Study (Health and Wellbeing; Relationships; and Living in the Wider World) over six half terms. The topics are arranged in a manner that allows for timely exploration at an appropriate point in the school year and pupils' experiences. It provides a carefully sequenced curriculum that builds knowledge, skills and attributes year on year, as the core themes are revisited.

The curriculum is supported by a number of external resources and speakers to help provide a variety of material and teaching strategies to keep the learning engaging and current. These are carefully planned into the broader school provision, which includes High Performance Lunchtime talks, assemblies, charity events and the Year 8 Leavers' Programme.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Y3	Friendships: Making and maintaining healthy friendships; Similarities and differences. Zones of Regulation	Emotional Wellbeing: Expressing and managing every day feelings; seeking support from self and others. Moving Forward: Personal strengths, celebrating successes and setting goals; Moving on to a new school; Managing change.	Year 8 Leavers' Programme: Covers vaping; social media trends; First Aid, including CPR and defibrillator use; Personal safety including travel safety.

LINKS TO RSE

We believe that RSE and Health Education are not stand-alone topics, but are essential learning practices embedded within all aspects of our lives.

The Moulshford PSHE curriculum supports and extends beyond the aims of the RSE requirements for schools, whilst deepening the skills and opportunities the pupil needs to thrive in a changing world.

WIDER CURRICULUM

All subjects make a link to PSHE and SMSC, and the language is used consistently by all staff. As an example, Climate Change is taught in Year 4 and Year 8, through their Humanities lessons and not just as part of the PSHE curriculum. This programme works alongside the existing Moulshford curriculum to ensure the pupil receives a well-rounded PSHE education.

Assemblies

Whole school, year group and House assemblies always make a link to PSHE, British Values and/or SMSC.
